

Hearing Loss Association of America (HLAA), the formerly Self Help for Hard of Hearing People, Inc.

(SHHH), a non-profit, educational organization is dedicated to the well-being of people of all ages who do not hear well. HLAA is the largest international consumer organization of its kind. We open the world of communication to people with hearing loss by providing:

Education – our primary purpose is to educate ourselves, our families, friends, co-workers, teachers, hearing health providers, industry, government, and others about hearing loss.

Advocacy – HLAA is a leading voice in improving communication access for people with hearing loss.

Self Help – HLAA believes people with hearing loss can help themselves and one another to participate fully and successfully in society.

We welcome all people who are hard of hearing and those who value communicating with them as members and participants in HLAA.

For a wealth of information on hearing loss and on HLAA programs and activities, visit the National HLAA website at www.hearingloss.org. HLAA does not sell hearing products.
